Given the obligation to hold this general meeting virtually, as well as the legal parameters surrounding the holding of a strike vote in the Labour Code, we must resort to a strike vote via an external firm (SimpleSondage). This firm guarantees us the secrecy and legality of the strike vote.

To participate in this meeting and to have the right to vote on the strike mandate, you must register for this meeting **before April 23, 2021 at 12:00 p.m.** These technical constraints are beyond the control of the APPA. However, please visit the following page to obtain all the information necessary for the smooth running of this meeting as well as for your registration:

For any technical difficulties for this registration, you can contact the following:

In addition, when you register, we ask you to use a personal email address rather than the EMSB email. When the link for the general assembly and the voting ballot is sent out, the employer's system could result in the delivery email being blocked. If you do not receive any information by April 25th at 12:00 p.m., we advise you to check your spam box or junk box. Once you have verified and you still cannot find a link, we ask you to contact the above.

This is an important meeting for the course of the negotiation. We ask you to share this information with as many of your APPA colleagues as possible.
